HOW TO READ THE SIGNALS

GREEN-LEANING

Official terms generally support it, under stated conditions

Depends on conditions you must check

RED

Prohibited or high concern — stop

VERIFY

First-pass signals, not permission. Always confirm the current official terms.

How to use this toolkit

Use this as a decision aid, not as a substitute for the current official license terms. Every verdict is a first-pass signal, never a guarantee.

1

Identify

Identify the source and label of every asset (open its source info via the ⋮ menu).

2

Define the deliverable

Confirm whether the buyer receives a finished product, physical item, or editable/source file.

3

Test the risk

Check standalone extractability, the most restrictive content label, and your sales platform's own rules (e.g. Etsy).

GREEN-LEANING

Likely fits the license as described

AMBER

Fix or confirm first

RED

Stop or redesign

FAST RULE

A finished design and an editable template are not the same licensing problem.

The 5-minute pre-publish audit

1

Question 1

What did I use — and what label does each item carry?

2

Question 2

What exactly am I selling?

3

Question 3

What files or rights does the buyer receive?

4

Question 4

Can any Canva Content be extracted or reused standalone?

5

Question 5

Which label is most restrictive — and which account and plan did I export from?

Can I sell this?

A**Question A**

Does the design contain Canva library Content (including a Canva template)?

B**Question B**

Is any item labelled Education (“Resource”), Branded, Disney, or Editorial Use Only?

C**Question C**

Is any item Pro (crown icon on the thumbnail)?

D**Question D**

Will the buyer receive an editable template or source file?

E**Question E**

Could the buyer extract any Canva item as a standalone file?

 **GREEN-LEANING**

Likely fits the license as described

 **AMBER**

Fix or confirm first

 **RED**

Stop or redesign

IF B OR E = YES — RED

B = not licensed for commercial use (CLA §5B-5D, §9). E = prohibited extraction (CLA §9). Redesign with assets you own or can redistribute. If C and D are both YES: Pro may ship only as a Canva template link (Licensing Explained).

Finished products vs. editable products

PRODUCT TYPE	FIRST-PASS SIGNAL (NOT PERMISSION)
Flattened PDF	✓ GREEN-LEANING · UNEDITED PRO ≤ 480,000 PX
Printed merchandise	✓ GREEN-LEANING · A REAL DESIGN, NOT ONE ITEM
Editable template	! AMBER · PRO ONLY VIA A CANVA LINK
Client design	✓ GREEN-LEANING · ONE CLIENT, WRITTEN TERMS
Standalone asset resale	✗ RED · NOT PERMITTED FOR CANVA CONTENT

Flattening alone does not stop extraction (CLA §9). Pro in a PPTX, PSD or other non-Canva template = RED (Licensing Explained). CC0/Pixabay/Pexels items: check their own license.

Read the label before you design

Hover over an item, click the three dots (⋮) and read its source information. If a design mixes labels, the most restrictive one applies to the entire design (CLA §1): Education → Branded → Pro → Free.

FREE · PRO (CROWN ICON)

✓ GREEN-LEANING

Free — GREEN-LEANING · Extra template and resale-template rights (CLA §6), lost if the design contains any Pro. Pro (crown icon) — GREEN-LEANING in finished designs · Templates: Canva link only · Never standalone (CLA §3; Licensing Explained).

AI-GENERATED · CC0 / PUBLIC DOMAIN / PIXABAY / PEXELS

AI-generated — Follows its Free or Pro label (CLA §3A). CC0 / Public Domain / Pixabay / Pexels — Check that item's own license (CLA §2, §9).

EDUCATION · BRANDED · DISNEY · EDITORIAL · POPULAR MUSIC

✗ RED

Education (“Resource” badge) — RED · Non-commercial use only (CLA §5C). Branded — RED · Personal use only unless its source info says otherwise (CLA §5B). Disney — RED · Personal or educational use only (CLA §5D). Editorial Use Only — RED · No commercial, promotional or merchandising use (CLA §9). Popular Music — RED · “Can’t be used for any commercial purposes” (Licensing Explained).

CANVA LIBRARY TEMPLATE

! AMBER

Canva library template — AMBER · It is Content itself: a lightly edited copy is not your template to resell (CLA §1, §3).

WHEN THE LICENSE STARTS

A license is issued when you Export. One Pro license covers one design; a new or Magic Resized design needs a new one (CLA §4). Pro plans get these automatically; free users pay per item. Attribution: Licensing Explained says none is required, but CLA §9 requires “[Contributor’s Name] via Canva.com” for editorial use. The sources differ, so credit editorial uses.

Know the rules before you list it

CASE 05 · KNOW YOUR CONTENT

Each Canva item carries a label with its own rules. Under CLA §1, the most restrictive category applies to the entire design. From most to least restrictive: Education, Branded, Pro, Free.

SOURCE CLA §1, §2

Verified 25 Sep 2026 · Re-check before you publish

CASE 06 · FREE VS. PRO

Free Content has extra rights under CLA §6, including templates for distribution or sale. If a design contains any Pro Content, those §6 rights do not apply to that design. Pro Content may never be copied or distributed as a standalone item (CLA §3).

SOURCE CLA §3, §6

Verified 25 Sep 2026 · Re-check before you publish

CASE 07 · FINISHED VS. EDITABLE

A flattened PDF, image, printed item and editable template are different licensing situations. Canva defines a template as “a design that has a pre-determined layout and style and is intended to be further edited or customised by another person” (Licensing Explained). FINISHED means the buyer receives the final output.

SOURCE CLA §5, §6 · Licensing Explained

Verified 25 Sep 2026

CASE 08 · TEMPLATE RULES

! AMBER · PRO ONLY VIA A CANVA LINK

Pro Content may appear only in templates made for use on Canva (CLA §5; Licensing Explained). Templates in any other format (PPTX, PSD, etc.) may contain Free Content only (CLA §6). Canva fonts cannot be used outside Canva (CLA §9A).

Know the rules before you list it

CASE 09 · MERCHANDISE & POD

✓ GREEN-LEANING · A REAL DESIGN, NOT ONE ITEM

Designs printed on t-shirts, mugs, books and other merchandise for sale are permitted (Licensing Explained FAQ). A Canva item used on its own, “without any other design elements”, cannot be sold on print-on-demand products (CLA §9).

SOURCE CLA §5, §9 · Licensing Explained FAQ

Verified 25 Sep 2026

CASE 10 · EBOOKS & PDFS

✓ GREEN-LEANING · UNEDITED PRO ≤ 480,000 PX

Books, ebooks and electronic publications are permitted uses (CLA §5). In digital publications, each unedited Pro media file is capped at 480,000 total pixels, e.g. 600 × 800 px (CLA §5A). Printed books have no pixel cap.

SOURCE CLA §5, §5A

Verified 25 Sep 2026 · Re-check before you publish

CASE 11 · CLIENT WORK

✓ GREEN-LEANING · ONE CLIENT, WRITTEN TERMS

You may transfer a design containing Free or Pro Content to a single client, under a written agreement limiting use to that client. You remain solely responsible for their compliance. Never hand over standalone Canva Content (CLA §4A).

SOURCE CLA §4A

Verified 25 Sep 2026 · Re-check before you publish

Know the rules before you list it

CASE 12 · LOGOS & TRADEMARKS

× RED

Licensing Explained says you “cannot use any Free or Pro content from Canva’s library in a trademark (except for fonts, simple shapes and lines)”. The binding CLA §9 excludes only fonts. The sources differ, so the safest logo uses Canva fonts plus graphics you made or commissioned.

SOURCE CLA §9 · Licensing Explained

Verified 25 Sep 2026

CASE 13 · EDUCATION, BRANDED & SPECIAL LABELS

× RED

Education (“Resource” badge): non-commercial only (§5C). Branded: personal use only unless its source info says otherwise (§5B). Disney: no commercial use (§5D). Editorial Use Only: no commercial use (§9). Pro used on an Education account is non-commercial (§8).

SOURCE CLA §1, §5B–5D, §8, §9

Verified 25 Sep 2026. For commercial work, CLA §8 says use a separate account; Licensing Explained says a second team. The sources differ.

CASE 14 · AI-GENERATED CONTENT

Canva’s library AI Content is marked Free or Pro and follows that label’s rules (CLA §3A). Output from Canva’s AI tools is covered by separate AI Product Terms (Terms of Use §6); read them before selling. No Content may be used for AI or machine-learning purposes (CLA §9).

- ☐ Is the Pro subscription valid and paid by you?
- ☐ Can someone else remove you or your designs?
- ☐ Etsy: listing is my original design

WHAT TO CHECK

- ☐ Who owns and pays for the Team?
- ☐ Written OK to sell what you make there
- ☐ Keep sale designs in a personal account
- ☐ Etsy: listing is my original design

WHAT COULD CHANGE THIS A personal account you control removes this dependency. RED if the Team is a Canva Education account: Pro Content is non-commercial only (CLA §8).

Pre-publish checklist

Run this before every listing.

☐ I identified every asset and removed any I can't trace.

☐ I opened the source info (...) and label of every Canva item.

☐ I know whether the buyer receives a finished output or editable/source file.

☐ No Canva item can be extracted as a file or sold on its own.

☐ No item is Education, Branded, Disney or Editorial Use Only.

☐ Unedited Pro media is $\leq 480,000$ px; Pro templates ship only as Canva links.

☐ I exported with an active Pro plan (or paid per Pro item) on a non-Education account.

☐ I checked the current official terms, not old articles or other listings, and saved the date.

☐ I checked my platform's rules (Etsy: original design, partner and AI disclosure).

☐ No PLR/MRR/resale rights promised, and my buyer Read Me says so.

Stop before you publish

- ✗ You are selling a Canva item on its own, without other design elements.
- ✗ Your editable template contains Pro Content but relies on Free Content's additional template permissions.
- ✗ You cannot identify the source of an image, icon, font, or illustration.
- ✗ You design in a Canva account you don't own or pay for, such as "lifetime" Pro access bought from a third party.
- ✗ You use another seller's listing as proof that a use is permitted.
- ✗ You promise PLR, MRR, resale, or sublicensing rights over content you do not own.
- ✗ You use Education, Branded, Disney or "Editorial Use Only" Content in anything commercial or promotional.
- ✗ The product's real value is effectively giving the buyer access to the original Canva asset.

SIMPLIFY BEFORE YOU SELL

If the licensing story requires a chain of assumptions, simplify the product before you sell it.

Etsy checks & what's at stake

Canva's license and your marketplace's rules are two separate tests. Pass both. (Etsy Creativity Standards, last updated 10 June 2025.)

ETSY — FIVE CHECKS · 1-2

1. Original design. Canva-made downloads and print-on-demand items fall under “Designed by a seller”: they must be your original designs. “A bundle, collection, scan, or PDF of someone else’s work” does not qualify, and that includes unmodified Canva templates or library graphics. 2. Production partner. Printed by a third party (POD shirts, mugs, books)? Disclose the production partner and where the item ships from.

SOURCE [Etsy Creativity Standards](#)

ETSY — FIVE CHECKS · 3-5

3. AI disclosure. Made with AI tools? Say so in the listing description. Our cautious reading: also disclose Canva library items marked AI-generated. 4. Personalised items. For custom items, the first image must show a finished, customised item, not placeholder text like “Your Text Here”. 5. Removal. Etsy may remove listings that break its policies, and listing fees remain payable.

WHAT'S AT STAKE ON CANVA'S SIDE · 1-2

Canva may delete designs, suspend or terminate your account, or permanently ban you (Terms of Use §15b). After termination for a violation: no refund, and no new account without Canva's written permission (ToU §15c).
